

Konftel C2070 Attach

Really neat. In room experience.

The Konftel C2070 Attach video kit is optimized for in room PC solutions such as Microsoft Teams Rooms and Zoom Rooms. Perfect for huddle to medium meeting rooms, combining the Konftel Cam20 4K conference camera with the Konftel 70 speakerphone for OmniSound® audio quality and a long active audio cable.

Meeting room video solutions based on an in room PC and often a control pad, are simple to operate and a preference for many IT departments. Popular options are the preconfigured Microsoft Teams Rooms and Zoom Rooms, while some choose a more open platform approach. But to bring the system to life a high quality conference camera and speakerphone needs to be connected. The Konftel C2070 Attach video kit works with all in room PC variants.

IMPRESSIVE VIDEO QUALITY

With the Konftel Cam20 USB conference camera, a clear and balanced image of you and your colleagues is assured. WDR technology automatically adjusts to achieve a great picture in different light conditions, even challenging ones such as low light, direct sunlight and high contrast. 4K video resolution also allows for a superb digital zoom. Even at the maximum 8x zoom, the camera is still perfectly capable of producing a detailed image.

HEAR THE DIFFERENCE

Four beamforming digital microphones provide a more focused audio experience with less distracting background noise. The Konftel 70 creates balanced, natural and lifelike conversations utilising noise suppression and echo cancellation as part of Konftel's acclaimed OmniSound® technology. Hear and be heard in crystal clear, rich detail.

MAXIMIZE AUDIO PLACEMENT

The Konftel C2070 Attach kit comes complete with a special 10 meter active USB audio cable, to reach back from the PC in front of the room to the speakerphone for central placement on the table.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.
