

Konftel C5070 Attach

Sharp dressed. In room performance.

The Konftel C5070 Attach is optimized for in room PC solutions such as Microsoft Teams Rooms and Zoom Room. It's the ideal video collaboration solution for small to medium sized meeting rooms, combining the Konftel Cam50 PTZ conference camera with the Konftel 70 speakerphone for OmniSound® audio quality and a long active audio cable.

Meeting room video solutions based on an in room PC and often a control pad, are simple to operate and a preference for many IT departments. Popular options are the preconfigured Microsoft Teams Rooms and Zoom Rooms, while some choose a more open platform approach. But to bring the system to life a high quality conference camera and speakerphone needs to be connected. The Konftel C5070 Attach video kit works with all in room PC variants.

Even in low light, the image is crisp and clear.

HEAR THE DIFFERENCE

Four beamforming digital microphones provide a more focused audio experience with less distracting background noise. The Konftel 70 creates balanced, natural and lifelike conversations utilising noise suppression and echo cancellation as part of Konftel's acclaimed OmniSound® technology. Hear and be heard in crystal clear, rich detail.

MAXIMIZE AUDIO PLACEMENT

The Konftel C5070 Attach kit comes complete with a special 10 meter active USB audio cable, to reach back from the PC in front of the room to the speakerphone for central placement on the table.
